

New company establishment in Shanghai

June 5th 2018

NSC Co., LTD

NSC has established a joint company with Marubeni Corporation in Shanghai, which extends the sales and after care services, named NSC Trading (Shanghai) Co., Ltd

In China, the application of NSC's LCD panel manufacturing is increasing, and to comply the requirement, NSC extend the local technical services for the equipment by having the base of business in Shanghai.

Not only the etching equipment, also the sanitizing the waste chemical treatment facility to comply with the national regulation for discharging, and anti-glare processing facility for glass are covered by the services of the new company.

NSC is prepared to provide the sales operation of such facility and the professional technical services related, based on the experienced expertise during 47 years field operation.
